Commodore's Brunch

By: Sylvia Gozzard

The Club's opening event started under foggy skies with the foghorn issuing its mournful cry at three-second intervals in marked contrast to the animated, lively group assembled inside and outside the clubhouse. The marine, signal flags that Cat McMahon and Ray Rogolino hung inside the clubhouse from the overhead beams, added gaiety to the room. Ray's GBYC, burgee-bib with

Commodore emblazened in white on a navy background at the top, coupled with his hearty, frequent laughter marked him as a member with a great sense of humour.

Members, as usual, pitched in -- assisting with food preparation, cooking, bringing and buying a variety of things to the event that enhances enjoyable events. And what a fantastic array of brunch items resulted, such as: scrambled eggs, salads, fruits, bacon, miniature potatoes, juices, homemade cookies, breads, butters, jams, marmalades, and spices.

Many thanks are extended to Ray and Cat for coordinating the efforts of volunteers, overseeing a myriad of details, and supplying a copious amount of their own labour to insure the success of the Commodore's Brunch.

As Mr. Belvedere from his company, Belvedere Construction, (a 1960s-70s, Detroit TV commercial) would say of Ray and Cat, "You do good work!"

To the right drawing by Billy & Jean Marie Ive's son, Andrew, done last summer, aged six. He called it, *Grand Bend Yacht Club*.

Club Burgees for sale. (triangular or limited number of rectangular Burgees \$25.00.)

If you haven't joined GBYC on Facebook, please do! This year I'll be chronicling the 2011 season with pictures and race re-caps in addition to reminders of upcoming races. The page is open for your comments, pictures and to advertise crew needed or available.

John McPhee has enthusiastically agreed to help plan this season's Cruising Day. He has some good ideas and it should be a great day.

Looking forward to seeing the regulars on the course, and especially looking forward to new additions to the fleet, let me be first to say welcome!
